We are all **INTREPID**

Every Intrepid adventure starts with curiosity.

A desire to understand, to learn something new, to challenge beliefs and push boundaries. To switch on our out-of-office alerts, to say farewell to daily routines, to have fun.

For some, being Intrepid means trying a dish they can't pronounce, or learning the salsa in a Cuban bar. It's climbing a mountain, or coming eye-to-eye with a silverback gorilla.

For others, it's packing for a solo adventure, getting out of that bubble of familiarity, and making new friends in all corners of the globe.

Whether you've been travelling for years or you've never left home, we want to lead you to those moments of discovery, to satisfy that curiosity, to be Intrepid.

Because now, more than ever, the world needs more Intrepid people.

Why CHOOSE INTREPID

THE ULTIMATE ITINERARIES

We know this is your trip of a lifetime, and we're committed to making it unforgettable. Our itineraries strike the perfect balance between the structured and the spontaneous, with a focus on experiences only made possible when you're travelling with a local leader. You want freedom and flexibility as well as the highlights – that's why we craft tours that give you both.

01

LEGENDARY LOCAL LEADERS

Get ready to go beyond the main streets and into the heart of a destination. Travelling with our expert local leaders means you can focus on being in the moment instead of worrying about missing the last train out of town or where you can safely stroll. It's adventure travel with all the boring details taken care of, guided by a local who wants to bring you into their world.

03

MORE DESTINATIONS, MORE WAYS TO TRAVEL

We run thousands of trips in a range of styles and visit every continent on earth. And we do it all with our signature attention to detail and passion for real life experiences. Our destination experts are constantly scouring the globe for sights and experiences to share – so you can discover your new favourite place, or explore a guidebook staple from a new perspective.

04

02

SMALLER GROUPS

Our groups are perfectly sized – on average, just ten travellers – to let you feel like you're exploring a destination independently, but big enough to create a good social vibe. Whether it's swapping stories at a local homestay, sharing a table at a hole-in-the-wall restaurant, or enjoying a drink at the end of a jam-packed day, our small group size opens up big opportunities the larger groups can only dream of.

TRAVEL FOR GOOD

We know our travellers care about the world as much as we do. From a meal made with produce grown on a family-run farm to learning how to craft carpets at a women's co-op in Turkey, when you travel with us you know that your journey is giving back. Don't just take our word for it – as the world's first travel B Corp, we follow strict ethical standards on sustainability, supply chains and social responsibility.

05

HOW WE *Travel*

We're all about real life experiences. The surprising moments that turn into the stories you tell for years to come. You'll find them off the beaten track, in the bustle of a Marrakech souk or a quiet village along the Mekong Delta. These experiences are raw, authentic and totally unforgettable.

THE ICONIC AND THE UNEXPECTED

Sure, the first time you look at a famous monument is incredible, but so is finding yourself in the middle of a village football game or sharing a laugh with a market vendor. Our trips combine the iconic with the unexpected to give you genuine insight into local life.

AUTHENTIC FOOD

We know that food while you travel is more than fuel, and our trips include meals that enhance your adventure and give you a taste of the local flavours. Think a traditional Khmer dinner in the grounds of a Cambodian temple, or a hearty dinner with an Amish family in Berlin, Ohio.

STAY REAL

We think where you lay your head can be just as immersive as what you see in the day. Like spending the night at a 17th-century Rajasthani castle or a gite in the High Atlas Mountains. No matter where we stay, we always choose locally run accommodation.

GET AROUND, GO DEEPER

Wherever possible, we do things the local way – including transport. It's better for the environment and a great way to immerse yourself in another culture. From gliding through the backwaters of Kerala in a pole boat, to zipping through Tochigi on a bullet train, we choose ways to get you there that take you deeper.

LOCAL CONNECTIONS

By sharing laughter, stories and adventures with local people, you'll learn about different ways of life. More importantly, you'll find common ground. We believe you'll learn more at a community-based tourism project in Vietnam's Da Bac or staying in a Nepalese village recovering from the 2015 earthquake, than wearing a headset and following a flag.

SEE THE WORLD *Your way*

No matter what kind of adventure you're looking for, our themed trips will help you to find it. Whether you want to pump the pedals, discover a destination through its culinary treats, or travel with kids, our diverse range of themed itineraries have got you covered.

CYCLING
It's just you, the wind and the open road. Ride from colonial Havana to the quiet beauty of the pristine Yumuri Valley on our **Cycle Cuba** trip, see **page 84**.

WILDLIFE
Get closer to nature with trips that focus on animal encounters. Our **Costa Rica Experience** takes you into national parks humming with wildlife, see **page 103**.

ADVENTURE CRUISING
Small groups and small ships mean you can dock in remote ports and get to know the locals, not outnumber them. Explore some of the world's most beautiful, isolated islands on our **Absolute Galapagos** tour, see **page 41**.

FOOD
These tours get you munching, crunching and slurping just like the locals. Navigate a vibrant fish market, select a catch and then craft ceviche with a local chef on a **Peru Real Food Adventure**, see **page 31**.

FESTIVALS
These trips are lantern-lit, confetti-filled, mud-slinging fun. Join us at the world's biggest celebrations, like on our **Rio Carnival Experience**, see **page 63**.

CHOOSE YOUR STYLE

Every one of our trips has a particular style. It's a way to help pick the adventure that best suits you, whether you're after just the essentials, a whole bunch of inclusions or a little bit of both. The choice is yours.

BASIX

Authentic experiences and the icons at a great price, our Basix trips feature simple accommodation, local transport and are perfect for the independent traveller.

ORIGINAL

These are the trips we've built our reputation on! A mix of included activities and free time, tourist-class hotels and unique accommodation, some meals on us and the chance to follow your nose.

COMFORT

More inclusions, cushier accommodation and a more relaxed pace – comfort trips are adventure travel with some of the rough edges smoothed away.

PHYSICAL RATING

Each of our trips has a physical rating, so you can tell how exerting a trip is and how fit you'll need to be to enjoy it. As a guide:

- Easy and relaxing
- Bring your walking shoes
- An average level of fitness required
- Action-packed, physically demanding
- Full-on active adventure for the more agile traveller

MEET YOUR *Leaders*

Our award-winning leaders are a diverse bunch with one thing in common: a passion for their part of the world. Here are just some you might meet on your travels.

Whether she's taking travellers to the best pad ka prow stall in Bangkok or the floating markets of Amphawa, Sasha helps people really connect with Thailand with her signature warmth and local knowledge. What matters most to Sasha is being kind and open, having fun, and providing her groups with an awesome experience of Thailand.

She's a friend and a translator, a problem-solver and that all-important link between being a traveller and a local. And while she loves being able to travel all over India, Ankita's favourite thing about leading for Intrepid is meeting new people and having different conversations every day. Her other fave thing? Introducing travellers to her most-loved Indian food: vegetarian thalis, a platter made up of curries, pickles, rice and bread (and watching them try to finish it!).

We're the WORLD'S BIGGEST TRAVEL B CORP

In 2018, we made our commitment to doing good official when we became the world's largest certified travel B Corp. Being a B Corp means we no longer merely strive to make a positive difference in the world, we are legally bound to it. OUR MISSION

Be the best

for the world

Animal welfare

In 2014, we became the first global tour operator to ban elephant rides on our trips after we funded eye-opening research by World Animal Protection.

Gender equality

In 2017, we committed to doubling our number of female leaders by 2020; since then, we've grown from 150 to over 300 female leaders globally.

Ending modern slavery

Last year, we campaigned for laws that recognised orphanage tourism as a form of modern slavery. In 2016 we removed orphanage visits from all of our itineraries.

Community-based tourism

Responsible, community-based tourism is good for travellers and locals alike. That's why we work with organisations like ActionAid to develop projects that empower communities.

TRAVEL WITH IMPACT

We don't think travel should cost the earth, and we see it as our responsibility to help protect the planet we love to explore. We've been carbon neutral since 2010, and we offset the carbon emissions from our global business offices and our trips by supporting various projects all over the world.

BE THE CHANGE

Since 2002, The Intrepid Foundation has been offering travellers a tangible, transparent way to give back to the communities we visit. It's simple: you donate, we double your contribution, and then we give 100% of that money to a community-based project. Thanks to you, we've donated over AU \$7 million to more than 130 local organisations around the world, helping to improve the livelihoods of vulnerable individuals and communities through sustainable travel experiences.

10 THINGS YOU'LL ONLY KNOW IF YOU'VE TRAVELLED IN PERU

You plan a trip to Peru knowing it's going to be something special. After all, Machu Picchu is what bucket lists are made for.

And whether you're venturing to the Inca citadel for a special birthday, for a meaningful trek, or just for an adventurous sort of vacation, the site is iconic for good reason.

But, as I found on my 8-day Inca Trail trip with Intrepid Travel, you'll visit for the ruins but leave having taken in and fallen for so much more. With that in mind, here's 10 things you'll only know if you've travelled in Peru.

5 BENEFITS OF A GROUP TOUR IN CENTRAL AMERICA

For years I've wanted to visit the magnificent ruins of Central America and see what remains of the ancient civilizations that inhabited this land.

But there's just so much to see, so much ground to cover. That's why joining a group tour didn't just make sense to me but also brought ease, convenience and a lot of fun to the whole experience. Here are five more reasons why a group trip worked for me on this unforgettable adventure.

WHY CONSIDER SOLO TRAVEL IN COSTA RICA

I first fell in love with Costa Rica after watching an episode of The Jeff Corwin Experience. I had seen it so many times that I could recite the line, 'It's time to go from a quadruped to a biped in search of a no-ped!'

The country is famous for its gorgeous reptiles, and he was referring to snakes. In the episode, he travels from the cloud forests of Monteverde to the secluded shores of the Caribbean, encountering nesting sea turtles, a troop of capuchin monkeys, a silky anteater, and a bushmaster serpent along the way.

TRIPS YOU'LL *Love*

When it comes to our trips, we don't play favourites. But with so much to see in this brochure, we thought we'd help out. These are a few of the tours through Central and South America that our travellers rave about, just to get you started. Follow the Inca Trail to Machu Picchu, sip rum in a Cuban eco-ranch, wander a Tzotzil Maya village in Mexico and travel to the ends of the earth (otherwise known as the Galapagos Islands).

Colourful, candid and everything in between, South America beats to the rhythm of an infectious, eternal drum. It's the sequinned heat of Carnival and a cool breeze blowing across the Andes, a fiery Argentine tango and the soft silence of an Ecuadorian cloud forest.

INCA TRAIL & PERU TREKKING

Follow in the footsteps of the Inca on an unforgettable hiking adventure along the Inca Trail, or on one of the newer routes on offer. Climb through lush cloud forests, subtropical jungle and crumbling Inca monuments, and navigate narrow, winding staircases and sheer mountain passes in pursuit of an unrivalled final destination: the epic ruins of mighty Machu Picchu.

CLASSIC INCA TRAIL

With its spectacular natural scenery and pre-Columbian ruins, the Inca Trail is undoubtedly a beacon of Peru's trekking scene. While it may attract thousands of avid hikers each year, this is no idle Sunday afternoon stroll. While any reasonably fit person should be able to complete it, the relentless uphill (and downhill) hiking can be tough going. The fitter you are, the more you'll enjoy it.

QUARRY TRAIL

Less established than the Inca Trail, this trek offers the same magical scenery, visits three smaller archaeological sites the other trails don't, is less crowded and offers more chances for interaction with local communities. Another bonus is that it doesn't require permits – so once you book, you're set.

CHOQUEQUIRAO TRAIL

Take your boots further with a challenging eight-day hike moving through high-altitude cloud forest, over mega mountain passes and along an ancient trail leading to the well-preserved Inca city ruins of Choquequirao. Think secluded and not for the faint hearted.

NOT THE HIKING TYPE?

That's fine, we're not going to drive you up the mountains with a cattle prod. On every Intrepid trip that includes the Inca Trail, you can always opt out of the hike and take the train. There is no extra cost for this, although please note that fees may apply if you decide to change to the train option after your Inca Trail permit has already been purchased. While your travel mates are hiking, you'll relax in Cusco.

RESPONSIBLE TREKKING

Intrepid Travel is committed to ensuring the economic and environmental sustainability of the amazing destinations we visit. In Peru, we pay our porters and guides a fair wage and supply them with the necessary resources to carry out their work safely. We also support several community initiatives that promote the long-term sustainability of the region's environment and preserving traditional cultures.

THE NITTY GRITTY

In order to preserve the Inca Trail, the Peruvian authorities restrict available permits to only 500 per day. They are available on a first-come, first-served basis after they are released each October, so booking well in advance is imperative. For this reason, if you want to hike the Inca Trail, it's best to supply the full details of the passport you will be travelling on at the time of booking. We endeavour to purchase your permit within four days of receiving all necessary information and relevant payment. The Inca Trail is closed during February.

Very important: Since permits are non-changeable and non-refundable, please consult with Intrepid before changing any passport details after booking as this may result in your permit being invalidated.

If we can't secure Inca Trail permits, you can:

- Change to another one of our fantastic trips or choose a different departure date without incurring any penalties.
- Hike the equally incredible Quarry Trail, which includes a day trip to Machu Picchu.
- Stay two nights in Cusco, then travel to Aguas Calientes by train and spend the day exploring Machu Picchu before returning to Cusco.

THE GALAPAGOS ISLANDS

The Galapagos Islands have become a must-see destination for travellers all over the world thanks to their incredible biodiversity, natural beauty and place in history. This truly is a unique part of the planet, as you'll soon discover.

WEATHER

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

Isla San Cristobal												
Isla Santa Cruz												

- Hot & dry 25-35°C
- Hot & wet 25-35°C
- Pleasantly warm 20-30°C
- Cool 15-20°C
- Cold & wet 0-15°C

THE GALAPAGOS GOSPEL

The Galapagos is a destination unto itself, where unique landscapes are home to crazy creatures and its surrounding waters host some of the most idyllic seascapes found anywhere on earth. Below is some info about what to expect on your trip to the Galapagos – it's anything but a typical South American adventure.

CHOOSE LAND OR BOAT-BASED TRIPS

Some of our Galapagos adventures are cruising trips with our motorised yachts as your accommodation (pages 41–47), while others are land-based with nights spent in hotels, homestays and various other accommodation (pages 48–51). This variety allows you to choose a trip that suits any time or budget restrictions you may have, as well as the islands you'd like to visit.

In order to preserve this important and fragile ecosystem, the Galapagos National Park authorities restrict the number of visitors to each site by issuing permits to every visiting vessel. This permit (or patente) determines which sites can be visited each day and when. Far from restricting a visitor's experience, this system actually enhances it because the itineraries are designed in such a way as to eliminate the amount of vessel crossover. This results in witnessing more of the wildlife you've come to see without vying with boatloads of other tourists.

If you don't find the trip you're looking for in these pages, visit our website at intrepidtravel.com/galapagos for more options.

A TYPICAL DAY ON THE BOAT

We do most of our long-distance cruising at night in order to maximise your time on the islands. And because the best time to observe much of the wildlife is first thing in the morning, early starts are pretty common. Each day consists of planned morning and afternoon activities, which tend to last between two and four hours. These can be anything from hiking to snorkelling to visiting research stations, and include either wet or dry landings. While you don't need to be able to swim to enjoy the Galapagos Islands, some of the more unique experiences are had with a snorkel. Finally, although days are pretty packed with activities, there is ample free time to simply enjoy the environment.

MEALS ONBOARD

All onboard meals are included in the cost of the trip. The food is delicious, nutritious and plentiful, and complimentary coffee, tea and purified water are provided around the clock. Soft drinks and alcoholic beverages are available for purchase from the bar, and the cost is put on a tab that you will then be presented with at the end of the trip. Any special dietary requirements should be mentioned at the time of booking and we'll do our best to accommodate them.

LUGGAGE

As some airline baggage restrictions exist on the flights between Quito and the islands, we advise leaving any luggage you can't see yourself needing in the storage facilities of the starting-point hotel in Quito. All of our trips start and finish at the same hotel, so picking up any extra luggage won't be a problem – and it also eliminates any surprise excess baggage fees!

NATIONAL PARK FEES & TAXES

A transit card fee of USD 20 is payable at check-in at Quito Airport prior to flying to the islands. The Galapagos National Park charges each passenger USD 100 upon arrival at the airport in Galapagos. If your itinerary visits Puerto Villamil, Isla Isabela, and you wish to disembark, there is a USD 10 port fee on arrival. All fees are payable in cash and must be in US dollars.

MOBILE RECEPTION AND INTERNET

There is very limited or no mobile reception in the Galapagos and no wi-fi onboard our boats. Some itineraries do pass through towns where internet is available, but we suggest you anticipate (and enjoy!) limited contact with the outside world.

IMPORTANT INFO ABOUT YOUR TRIP

- ▶ If you are travelling on Le Grande Daphne, arrival transfers can be organised at an additional cost.
- ▶ All of our Galapagos trips include a night in Quito pre- and post-voyage.
- ▶ Your trip price includes the Quito to Galapagos return flights.
- ▶ The Grand Queen Beatriz includes the services of an onboard Cruise Director.
- ▶ Prices for these trips vary depending on cabin type. Please select your preferred cabin type for the exact trip price.
- ▶ A high level of agility and mobility is needed to access all parts of the boat, negotiate embarkation/disembarkation and accessing the Zodiac from both the boat and water.

A GUIDE TO THE GALAPAGOS

WARM (WET) SEASON

December–May

These are the hottest months with more frequent rainfall. The wettest month is March with 85 millimetres (3.3 inches) of rainfall on average, but showers are usually confined to the afternoon. January through to April are the sunniest months, when the sea is at its warmest.

DRY (COOL) SEASON

June–November

The Humboldt Current brings cooler water temperatures, perfect for attracting plankton and other sources of food – meaning that local wildlife is very active during this season. There is very little rainfall, and colder currents can mean the seas may be slightly rougher than normal when travelling between islands.

Isla Santiago

Pay a visit to the Santiago fur seal grotto – you may be lucky enough to catch a sneak peek of these furry locals.

BARTOLOME

ISLA SANTIAGO

ISLA FERNANDINA

ISLA ISABELA

Isla Isabela

With five out of its six volcanoes still active, Isabela is one of the most volcanic places on earth!

Isla Floreana

Leave a letter (sans postage) at Post Office Bay's 19th-century whaling post barrel, and a friendly traveller heading home just might hand-deliver it for you.

Bartolome

The walk to Pinnacle Rock rewards you with views of stunning lava formations and, if you're lucky, a few lava lizards.

Isla Baltra

Touch down in Baltra to begin your seafaring Galapagos journey.

ISLA BALTRA

ISLA SANTA CRUZ

Isla Santa Fe

ISLA SANTA FE

ISLA SAN CRISTOBAL

Isla Genovesa

Home to all three kinds of boobies, including the rare red-footed booby, this island is a twitcher's paradise.

Keep an eye out for bottle-nosed dolphins; they can often be seen racing alongside boats.

Kicker Rock

Head out to Kicker Rock (the site of an ancient volcanic eruption) and dare to swim with the local hammerhead sharks.

Isla San Cristobal

Head up high for sweeping views of frigate bird breeding areas, or stay low to swim with San Cristobal's diverse marine animals.

Isla Espanola

Home to the Espanola mockingbird and waved albatross, this remote island is a bird-watching haven.

Snorkel warm waters with sea turtles and play tag with the islands' zippiest swimmers.

Humpback, killer, sperm and pilot whale sightings are all in a day's work here.

There may be as many as 300,000 marine iguanas calling the archipelago home, so the world's only seafaring lizard is impossible to miss.
